With their mission in educating people in Indonesia, Van Deventer & Maas Stichting (VDMS) foundation has held some programs concerning education for students and teachers . This foundation aims to empower indonesian youth to be more independent through various education based projects. Collaborating with Ma Chung University, this foundation has sponsored some of the training and workshop program. Among those programs are:

- Inviting guest lecturer to UMC , Drs. Jacobus Koos Gräper, M.A, from The University of Groningen, Netherlands.
- Workshop for english teachers
- Training on Web-based SAS (Scholarship Administration System)

The programs held in Ma Chung University from 10-20 March 2008 and attended by teachers as well as administration staffs of schools, universities, and institutions throughout Indonesia.
